### Re Kilkenny Waterford Boundary Review

We totally reject any intention by Waterford to consider the taking over of lands in South Kilkenny County boundaries are what they are, they define who and what we are, where we come from, our culture, history, heritage. No one has the right to take that rich inheritance and qualities from any individual or place.

This review should never have come about and should not be entertained, in Kilkenny, or any other county for that matter.

We are, who we are, and proud of it.

As a Cumann, we totally oppose this review of our county boundary, a needless waste of valuable time and resources.

Mise le meas,

John Lacey, Chairman

Brigid Murphy, Secretary
