Area in which you reside. Specific addresses are not needed. Freshford

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? No alteration of boundary necessary at all.

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? It would not help in the least, local communities would become very divisive, would cause great unrest

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? Local government (Kilkenny) responsible at present to continue the delivery of services to all relevant areas inside present Kilkenny boundary.

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? Empty promises from Waterford Local Government will NOT maximise anything. Kilkenny is a small county, leave it as it is, we need the revenue more than Waterford.

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? Planning and Development have serious problems enough in this country at this present time. Do we want Waterford to come in to mess up Belview Port to put a different slant on it? NO, we do not.

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? Of course it would dramatically change the Democratic representation of each county, with dreadful repercussions.....Leinster into Munster SAY NO MORE.

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? From speaking to local people in South Kilkenny, they feel Kilkenny Local Government could do more to assist them in their various needs, they feel they are often neglected or forgotten.

Is there anything else you wish to add ? Not an inch of land to Waterford. We went through this 10 years ago, now again. How much more taxpayers money is to be wasted on this ? Will it jump up before us again in the near future for more time-wasting?
