Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area?

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? I feel it would be very detrimental to the people of South Kilkenny to be removed from their friends & neighbours. This will also have a negative effect on the sporting life of Kilkenny.

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future?

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government?

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community?

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation?

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area?

Is there anything else you wish to add ? I wish to object to this boundary review, it is not balanced and seems to favour Waterford City while giving no consideration to the wishes of the people of South Kilkenny. Financially it would be of great detriment to the whole of Kilkenny.
