Area in which you reside. Specific addresses are not needed. Fiddown, Co Kilkenny

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? It will reduce funding to the local establishment of new employment

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? Those communities that are on the boundary line who have always been a part of Kilkenny groups will no longer be apart and will be excluded

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? Funding will be reduced

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? Loss of funding

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? Loss of funding will impact the local area

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? Loss again of community

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? I am and always have been a member of Kilkenny county and I strongly oppose any change to the border line.

Is there anything else you wish to add ? Yes instead of removing some of Kilkenny county , how would Waterford county feel if Kilkenny gained some of theirs.
