Area in which you reside. Specific addresses are not needed. [REDACTED] Slieverue

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? The current boundary provides sufficient employment as it is, the boundary move will not increase or improve employment in the area. The boundary move is unnecessary and not wanted or needed .

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? The boundary move will hinder the identity of the local communities. The parish of Slieverue will be split up and divided, it makes no logical sense to divide a village into Waterford and Kilkenny.

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? The services are fine the way they are, there is no need for a boundary move.

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? It will not benefit the efficiency and value for money in the local government

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community?

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? It will in no way benefit or improve the delivery of effective and accountable democratic representation!

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? It will divide a community and people, Kilkenny people deserve to keep their identity!

Is there anything else you wish to add ? The Kilkenny borders were drawn up hundreds of years ago, so they shouldn't be changed. People deserve to keep their identity.
