Hello, I wish to submit an entry regarding the Kilkenny Waterford boundary review and I wish it to be noted that I do not support any effort to acquire any part of south Kilkenny to come under the authority of Waterford.

Kilkenny County Council have made good provision for the citizens of south Kilkenny and seek to continue to do so in to the future and I, along with others welcome a cohesive approach to developments, of various kinds between Kilkenny and Waterford for all aspects of infrastructure and economic development that is envisaged and for future planning.

With regards,

Councillor Fidelis Doherty, Ballyfacey, Glenmore, Co. Kilkenny
