Area in which you reside. Specific addresses are not needed. [redacted] Ferrybank

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? They will help, because I think Waterford will actually do something with the Shopping Centre that has been left standing there for the last number of years, generating more jobs.

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? local communities are just looking for the best from their community, the governing council won't make much of a difference. Ferrybank is being ignored by Kilkenny Co. Co. as we lay on the outskirts. Roads are a disgrace and there is no regeneration in the area.

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? If Kilkenny / Waterford council take over Ferrybank, someone may improve the infrastructure and install cycle tracks directly into waterford City

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? none

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? Waterford Co. Co. would have more interest in developing Ferrybank as Kilkenny Co. Co. have been ignoring us for the last 5 years

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? N/A

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? I am a Kilkenny man, born and raised. Kilkenny Co. Co. have been ignoring the needs of the people of Ferrybank for too long, it's time for a change

Is there anything else you wish to add ? Please add cycle tracks to make commuting / exercise safer for the surrounding towns to Waterford
