I am resident in and from Kilkenny City.I am totally opposed to the proposal to revise the Kilkenny/Waterford boundary as per this proposal or any other proposal.I can think of no reason to do this which will be of anything but humiliating,unbearably stressful and detrimental in every way for the affected residents of Kilkenny and I could fill a page with reasons not to do it.

This is an unjustifiable Land Grab and nothing else.

"In the interests of sustainable development and proper planning" is a typical undefined,unexplained and meaningless coverall for something which can't be defended but is not up for debate.

Hands off.
