Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? I totally object to Waterford Co Council want to move the boundary I am very pleased with where the boundary is at present and that rates from Glanbia and Port of waterford go to Kilkenny co council. I am at present living in Co Kilkenny and why should Kilkenny lose out to you waterford city council.

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? What are we going to gain by you waterford co council taking over 5000 acres of our land nothing ....

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? We don't have a problem at present and we are under Kilkenny co council and intend to stay that way....Waterford co council want this boundary extended for their own gain e.g rates etc.

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? Well look at the mess of a job the waterford city council done on their own quay traffic backed up everywhere .

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? In my opinion waterford city council should use their finances in clearing up the Docks a big eye sore when you are driving down the rockshire road instead of looking to buy 5000 acres of Co Kilkenny land.

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? We have our own Democratic persons to represent us Thanks.

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area?

Is there anything else you wish to add ? Yes, We in Co Kilkenny and very happy where we are and we do not want the boundary changed under any circumstances. I'm sure waterford city would't be too pleased if Kilkenny Co wanted to buy 5000 acres of your land.
