Area in which you reside. Specific addresses are not needed. Skeoughvosteen

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? I feel that this will not help any extra employment in the area.
All this will do will cause more tension.

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? It will not help the local people. Trying to split up communities is wrong. Everyone has there own identity and are very proud of where they come from. I say leave this alone.

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? We all need to work together to ensure that local government meets the needs of the local people. It would cause friction in the area and people will loose their identity and will not be looking forward to their future

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? This will not help. If the local people work together then they would be able to get the same value anyway.

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? Everything is working fine over all these years. I don't see how this could help anymore.

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? Leave this as it is, There has been a lot of money spent in the area by Kilkenny County Council. All Kilkenny people are happy with this.

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? Everyone in Kilkenny is against including my local counciler

Is there anything else you wish to add ? As a proud Kilkenny man I feel that we should not give an inch . This is a stupid submission and should be stopped. All this will do is cause a lot of friction between local people. Splitting up communities would be wrong.
