Subject: Kilkenny / Waterford Boundary

A Chara,

I object to the proposed change in boundary.

In my opinion it is sought for the benefit of Waterford ONLY and to the detriment of the Kilkenny people who live work and play in this area of their home, Kilkenny.

It is viewed as a land grab, which it is, but this is only to mask the true reason and that is to take control of Belview port and the surrounding businesses so as to benefit financially. Surely the people of Kilkenny have the same rights as those of Waterford.

As the boundary is under review perhaps then it might be time to put the boundary back to where it was, down the centre of the most natural boundary - the river, before it was again moved to facility Waterford.

It is also noted that the Eircode shows Waterford as the address of Kilkenny people as far as Ballyhale. We are a proud County and do NOT wish to be taken over. Once again I object to this proposed change in boundary.

Mise le meas,

Michael Kavanagh,
Callan
Co. Kilkenny
