Subject: Proposed extension/6 object

A chairde,

I wish to express our dismay at the proposed extension of Waterford Ciity boundary into Co. Kilkenny. It is grossly unfair to Kilkenny, depriving the county of population, territory and revenue.

It is traumatic for the people resident in the area depriving them of their sense of identity by ignoring their county loyalty and transferring them to another jurisdiction against their will.

Why inflict this on an area when there is no reason why a joint committee cannot be formed by both County Councils to develop the area in a manner acceptable to both sides without upsetting the local residents. Progress is important but should not be achieved by trampling over the sensibilities of other human beings.

Yours etc.,
Imelda Moloney,
Patrick Moloney,
Fergal Moloney,
