Subject: Boundary submission

Dear Sir/Madam,

I wish to oppose your proposed alteration to the south Kilkenny boundary. As a proud south Kilkenny person, I am totally against this unfair land grab proposal.

This land has always been within south Kilkenny and should remain as is. It is against the wishes of people living in and from county Kilkenny. We are very proud of where we are from and will not allow this proposal to go ahead.

You would be much better served putting your time and efforts towards a fair and worthwhile plan to better serve Waterford, for example, the University status, or job creation.

Kind Regards,
Niamh Ahern
