Subject: Boundary Submission

Dear Sir/Madam

I am a native of South Kilkenny and am very proud of where I come from. I think Waterford and Kilkenny work well together as it is, and do not see how a change in the boundary would enhance Waterford's status.

I would actively support Waterford's campaign to upgrade their Institute of Technology (IT) to University status or be the headquarters for an overall South-East University and think the Waterford politicians and councillors would be better putting their time and efforts into trying to find a resolution to this long-standing issue than trying to change the boundary, which is against the wishes of many South Kilkenny citizens.

There is a good long-standing relationship between the natives of Waterford and Kilkenny and the campaign by former Waterford Crystal workers to get their full pension entitlements was a good example of people from both counties working in unison.

There may be a threat to this type of co-operation and unity should a boundary change occur.

I feel very strongly about the issue and appreciate the opportunity to make a submission.

Kind Regards
Richard Holden
