Subject: Online Submission : Waterford Boundary Review (Stella Butler)

Name: Stella Butler

Email Address: stlbutler@gmail.com

Daytime telephone number : [REDACTED]

Area in which you reside. Specific addresses are not needed. Ballyrobin

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? Likely no impact

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? Boundry extention would have devistating impact on current communities and people

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? Likely no impact

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? Likely no impact

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? Current Co Kilkenny people would feel seriously agrieved by being associated to a hostile Waterfrod authority.

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? Current rural communities would not feel that their interests would be correctly served in a unban enviorenment.

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? The current review of the boundary has caused a more confrontational attitude. Put boundry extention off the table for ever and encourage a spirit of co-operation by all sides for the benefit of all sides

Is there anything else you wish to add ? Waterford, its people, radio station etc are generally hostile to anything to do with Kilkenny and any boundry incursions would have devastating consequences. Historically hostile land take overs do not work out well.

Some recent planning in Waterford has left much to be desired. Do not want a spill over of bad decision making spilling over to South Kilkenny
