Area in which you reside. Specific addresses are not needed. Kilkenny

Question 1 How might alteration of the boundary help or hinder the retention or creation of employment and the general economic performance of the area? This will not change anything to present levels

Question 2 How might the alteration of the boundary help or hinder the identity or cohesion of local communities in the area? It will a very wrong to the people to have to be forced to live in a new boundry not belong to Kilkenny

Question 3 How might alteration of the boundary help or hinder delivery of services by local government to ensure that the needs of the local community are met now and in the future? This is not going to have any benefits for the residents who live there now and have all the services delivered by Kilkenny co co at present

Question 4 How might alteration of the administrative boundary help or hinder the need to maximise efficiency and value for money in local government? This is the main issue as major revenues are at stake and Waterford Co Co are trying to take this for their own use and at a loss to Kilkenny Co Co

Question 5 How might alteration of the boundary help or hinder the Planning and Development needs, as administered by the local authority, of the community? This will not help people as they would now be made to use Waterford Co Co for planning and development needs.

Question 6 How might alteration of the boundary help or hinder the delivery of effective and accountable democratic representation? This would be a major change for resident to have to take and should be oppose at all costs

Question 7 What strengths or weaknesses do you see in current local authority administrative boundary arrangements in the area? I have listened to residents that will be affected and can see no reason for this change to take place and this should be stopped right now.

Is there anything else you wish to add ? This has been debated before and it seems that its a grab by Waterford for the revenues that they benefit from now and in the future and this will be a loss to Kilkenny Co Co but for local people affected it will be a major issue to have to change county colours, please stop this waste of time and money and leave the boundry as it always has been, and hands off to waterford co co
